**Christmasfair**

In december 2023 we participated in the fair at Pro Persona in Wolfheze. Because of the very bad weather there were only a few visitors. That was a pity.

**Former student Rose Angelyn Aoko**

In Kenya we visited Rose.

As a small girl she was raised by her grandmother. Her father had died and her mother left with the other 6 children.

She finished high school and now she is working in a supermarket. She likes her job and can take care of herself now.

We are always very happy when we see how – with the right help – a shy little girl can become a self-assertive young.

That's what we all want to achieve by supporting them.

**We wish you all  
a happy Easter**
