Until now all our students are still healthy and they keep to the corona-rules.

On Monday October 12 the schools in Kenya opened their doors. And also the universities. We are proud to inform you that three of our students were given a place at university:

Phenny Akini
Phenny is taking a Bachelor of Tourism management at Karatina University studying tourism and management. Near Nyeri.

Tyrus Omondi

We wish them all a lot of success with their studies.

AGAI secondary school

On the 12th of October form 4 started, later that week form 8. After that the other forms. Teaching online was not possible because our students don't have a laptop.

Two of our new students at AGAI are:

Charles Osawa
Charles is living with his mother. In their garden they grow maize and they have some chickens. In the holidays he is living with his grandmother because his mother is working during the day. Charles has 3 brothers and 1 sister. His father died in 2008.

Emmanuel Juma
Emmanuel is living with his grandmother. His father died 5 years ago and his mother doesn't have a job. Emmanuel is strong and helps his neighbour with cutting bananas when necessary.

**We wish you all a good health and we hope that you will be able to still keep supporting us in this difficult time.
We thank you in advance!**
