

Newsletter Nr. 55 December 2020

We send you a short newsletter to inform you about the latest developments.

Students

Also in Africa a lot of people were victim to the COVID 19 virus and because of the economic situation a lot of people are very hungry.

A lot of students don't go to school anymore because their parents can't pay the school fees anymore. They have lost their income and are in a desperate situation.

We will try to help some of these students so they can go back to school again.

Luckily our students are still in a good health and class 4 of AGAI secondary went back to school in October.

Kindergarten

Thanks to a new sponsor, we were able to buy new blackboards, that will last for some years. They were very happy with it

Also we help them on a regular base with paper, (coloured) pencils etc.

You-Be-Do

In this time of (Christmas) presents, people are buying a lot of books.

If you order a book on-line at www.youbedo.com, instead of at Bol.com, you can select our foundation "OKE" as a charitable institution.

As a result we are given 12% of the cost of the ordered book, without it costing you any extra money.

Of course this is not about big donations, but all small bits can help us to give the children in Kenya a better chance to a good future.

Thanks for your cooperation.

Donation 2021

We kindly ask you to transfer your donation for the year 2021 to the bank before December 15th.

Then we can pay the school fees in time before the new schoolyear starts in January.

We hope that all the students can go back to school in January.

We thank you in advance!
